Empowering
Communities: Your
Support Will Build
Hope and Health!

Dear Valued
Supporters,

We are reaching out with immense excitement and gratitude as we embark on a crucial phase of our mission to bring accessible healthcare to communities in need. Your belief in our vision has brought us this far, and today, we're thrilled to share how your continued support can make an even greater impact.

Our goal is to raise £250,000 through this crowdfunder, and we want to be completely transparent about how these vital funds will be used to expand our reach and empower more lives. Here's a breakdown of our ambitious yet achievable plan:

Building a Foundation in Surrey:

Our immediate priority is to establish our very first community clinic right here in Surrey! This will be a cornerstone of our operations, providing essential healthcare services to local residents. Your contributions will directly fund:

Securing and equipping a suitable space: This includes everything from initial leasehold costs to creating a welcoming and functional clinical environment.

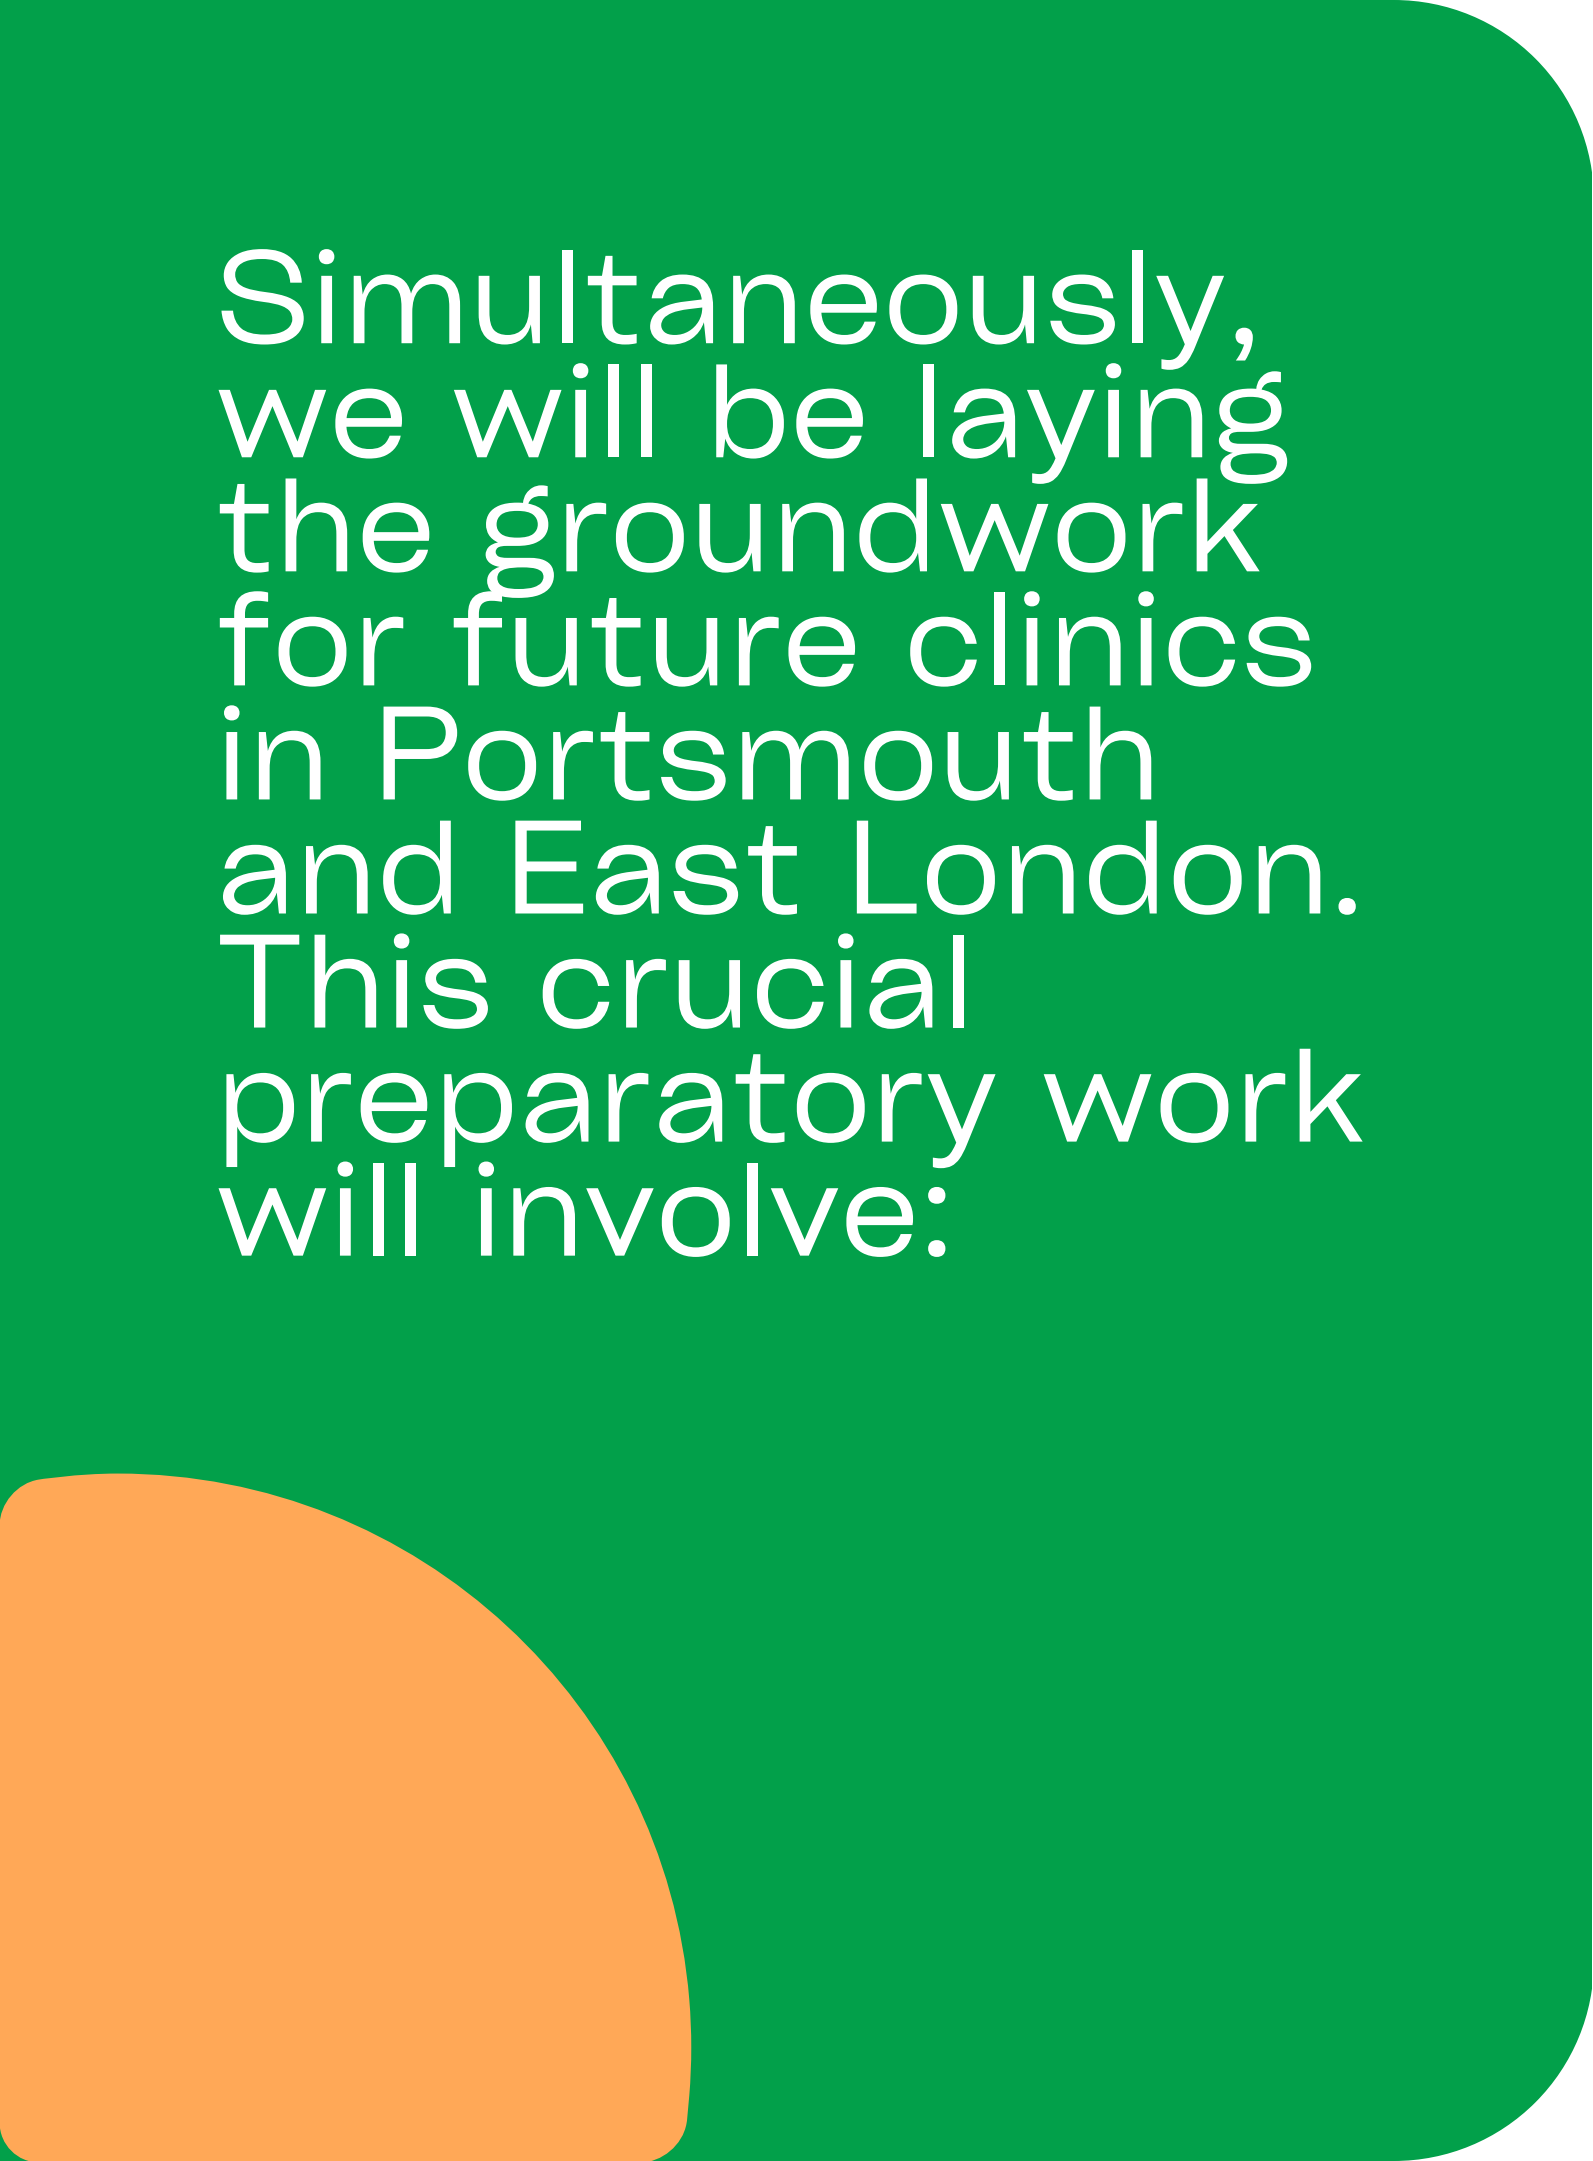

Recruiting and training dedicated healthcare professionals: We are committed to building a compassionate and skilled team of doctors, nurses, and support staff.

Purchasing essential medical equipment and supplies: From examination beds to diagnostic tools, your support will ensure our clinic is well-equipped to serve the community.

Initial operational costs:
Covering utilities, administrative support, and outreach efforts to ensure the clinic's smooth and sustainable operation.

Expanding Our Reach: Portsmouth and East London:

Simultaneously,
we will be laying
the groundwork
for future clinics
in Portsmouth
and East London.
This crucial
preparatory work
will involve:

Conducting thorough community needs assessments: Understanding the specific healthcare challenges and requirements of each location.

Identifying potential clinic locations and engaging with local stakeholders:
Building strong relationships within these communities.

Developing detailed operational plans and budgets: Ensuring we have a clear roadmap for successful clinic launches in the future.

Global Impact: Laying the
Groundwork in Bangladesh:

Your generosity will also enable us to further our commitment to global health. We will be undertaking the initial planning stages for expanding our work in Bangladesh, building upon the incredible 15-year legacy of our budget-friendly Tasmia Tahmid Breast Care clinic in Dhaka. This initial work will include:

Exploring opportunities for
broader healthcare initiatives:
Identifying areas where we
can make the most significant
impact beyond breast health.

Conducting feasibility studies and developing culturally sensitive program models: Ensuring our future work in Bangladesh is effective and sustainable.

Building partnerships with
local organizations and
healthcare professionals:
Collaborating to maximize
our reach and impact.

Every contribution, no matter the size, will play a crucial role in making these ambitious plans a reality. You are not just donating; you are investing in healthier communities, both locally and globally.

We will be sharing regular updates on our progress and milestones throughout this campaign. Thank you for being a vital part of our journey. Together, we can build a future where quality healthcare is accessible to all.

With heartfelt
gratitude,

TACHRC Team
